1. OVERVIEW

Neex Creative is running this raffle to support Irish businesses that do not yet have a professional online presence, while rewarding the Brazilian entrepreneurial community in Ireland for their active participation.

The raffle uses a referral model: instead of directly rewarding event attendees, participants identify and nominate local Irish businesses that need a website. The winning nominated business receives the main prize a fully built landing page and the participant who made that nomination receives a secondary incentive of €100 credit towards any Neex Creative service.

The draw takes place live at the Neex Creative stand during the event, ensuring full transparency for everyone present.

2. PARTICIPANT ELIGIBILITY

Any person may participate in this raffle provided they:

- Are physically present at the event on the day of the draw;
- Are the owner or co-owner of a business (from any country);
- Follow the official Neex Creative Instagram profile @neexcreative before submitting their entry;
- Correctly complete the registration form via the QR code available at the stand;
- Nominate an eligible Irish business (see Section 4);
- Fully accept these official rules.

There is no age restriction for participation. Neex Creative employees and their immediate family members are excluded from the raffle.

3. NOMINATED BUSINESS ELIGIBILITY

For a nomination to be considered valid, the nominated Irish business must meet all of the following requirements:

- **Location:** must be based in or operating from the Republic of Ireland;
- **No professional website:** must not have an active, functioning professional website at the time of the draw. The presence of a basic page on free website builders (Wix, Squarespace, etc.) without a custom domain or with a non-professional appearance may be considered eligible, at the sole discretion of Neex Creative;
- **Registered business:** must be a legitimate commercial entity (sole trader, limited company, partnership, etc.);
- **Independence:** must not be the participant's own business, nor a business in which the participant holds ownership or control;
- **Availability:** the nominated business must be willing to collaborate with Neex Creative to develop the website if selected as the winner.

Neex Creative reserves the right to validate all requirements after the draw. If the winning business does not meet the eligibility criteria, a new draw will be held immediately until a valid nomination is selected.

4. HOW TO ENTER — REGISTRATION PROCESS

Entry is made exclusively through the digital form accessed via the QR code at the Neex Creative stand during the event. The form must be completed on the day of the event, before the close of entries as announced by the Neex Creative team.

Pre-requisite to enter:

Before submitting the form, the participant must follow the official Neex Creative Instagram profile: @neexcreative. Entries submitted without this follow will be automatically disqualified. Verification may be carried out by the Neex Creative team during or after the event.

Mandatory form fields:

- Participant's full name;
- Participant's contact details (email or mobile number) for delivery of the secondary prize if their nomination wins;
- Name of the nominated Irish business;
- Business sector (e.g. hospitality, construction, retail, healthcare, etc.);
- Location of the nominated business (city/county);
- Brief explanation of why this business needs a website (optional but encouraged);
- Declaration that the nominated business has no professional website — honour statement;
- Confirmation of following @neexcreative on Instagram (mandatory checkbox);
- Acceptance of these terms and conditions (mandatory checkbox).

No website address is requested for the nominated business — this is intentional, as the prize is specifically for businesses without a professional online presence.

5. NOMINATION RULES — SPECIAL CASES

5.1 — Multiple nominations by the same participant

A participant may nominate more than one Irish business, provided each nomination is submitted separately through the form. Each nomination counts as one entry in the draw, increasing the participant's chances of winning the secondary prize.

5.2 — Same business nominated by multiple participants

If the same business is nominated by more than one participant, only the first nomination recorded (earliest form timestamp) will be considered for the secondary prize. Subsequent duplicate nominations are still valid entries in the draw, but the €100 credit belongs exclusively to the first person who nominated that business.

5.3 — Invalid or incomplete entries

Entries with missing mandatory fields, false information, or that do not meet eligibility criteria will be disqualified. The Neex Creative team may contact the participant for clarification before disqualifying an entry.

6. DRAW MECHANICS

- The draw takes place live at the Neex Creative stand, at a time announced in advance by the team;
- All eligible entries received before the close of the form are included in a digital random draw system;
- One nomination is selected at random — the result is displayed in real time on the stand screen;
- The validity of the selected business will be verified by Neex Creative after the event (within 5 working days);
- If the selected business does not meet the eligibility criteria in Section 3, a new draw is held immediately from the remaining entries;
- This process repeats until a valid nomination is confirmed;
- Neex Creative's decision on eligibility is final and not subject to appeal.
